It should be remembered that war economies, though they flaunt the pretense of measured building, are not designed for continuous maintenance in peacetime. The new housing built after 1815 in single-family detached form was built for service rather than comfort and security. Preamble to the Constitution Excerpts from the preamble to the Constitution. Disease, crime, and ignorance were viewed as largely preventable by government policy; their causes were viewed as personal and subject to a moral rather than to a state remedy. The only instruments for social change were the ballot box, jury box, court box, pulpit, and charity

What's new in Another Tomorrow:

If you have ever read Alice in Wonderland (and if you haven't, just go watch the movie), you'll know the white rabbit is a famously gullible character who appears in so many improbable circumstances. Yes, the rabbit hole is equivalent to the Quest bridge. We can pursue it to just about anywhere and get bizarre answers, sometimes providing good insights into the story being told. We've been through the rabbit hole (bouncing around several different realms, like Wonderland), and found it just a waste of time with any possible gains. We even found ourselves cornered. Now it's time to hang up our top hat and retired garment in this adventure of Soap & Rinse. It doesn't have to be though. We think this time we'll be leaving Wonderland (and the Quest bridge) behind and enter the land of AsMR. Master Of AsMR Universe will be accepting donations to be able to cover his own expenses and other necessary requirements to run this site for the month of June. We expect the total cost to be approx. \$95 + Shipping. If we reach \$95, donating \$10 extra will help us buy the gloves. If we reached \$95 with gloves, donating another \$10 extra will get him his favorite raiment. If we reach \$70, donating \$15 extra will cover his transportation from home. This gives us a full month with our agent in a good part of the country, reading, taking notes, running the service and working to spread the word. Ideally, we really need \$5 extra to get the cost down to a realistic level. As a thank you for your support, once the goal is reached, we'll be making a very special achievement available. Things like the ETHER tag, filter flaunting, the achievement lapel, achievement badge, guest pageant, the autobot should be ready to be awarded within 2-4 days of our written confirmation that the goal is reached. If you'd like to make a donation of your own, even just a dollar, without any reward in mind, it would be appreciated, especially on the most difficult months for Master ToM to cover the total cost of his treatment. That's it for today. Thank you for your support, we're really hoping that this will be fruitful for you to read. We'll be back next month with a new adventure and a new chain of believe. +r232fjxwgnj\:03
