It's easy to share your photos and video with your friends using the Windows Live Photos service. To take advantage of all the features of Windows Live Photos, you must have a Microsoft Surface. You can install Windows Live Photos on your device at the Windows Store under 'Photos'. Windows Live Photos is a service in Windows 8 that lets you easily take and share photos, videos, and more. It works with all Windows 8 devices -- from tablets to PCs. Take photos with the camera app Start by taking photos. You can see all the photos you've ever taken in the Photos app with the Pictures tile in the Start menu. (See "Use the Photos app" on this page for more info.) Or you can use the Camera app, which is a new app for Windows 8. It's quick and easy to use. You can: - Start a photo - Save a photo - Take a photo from the photo library - Take a photo from your device's camera Here's a quick list of the things you can do with the Windows Live Photos Camera app: To take a picture: - Tap the Camera button in the app bar at the bottom of the screen. If you don't see the button, tap the left most item. To save the photo: - Tap the Share button and choose "Save to OneDrive". - Tap the arrow at the bottom of the screen to see more options. You can also share your photo in a different way
