CMI 8738/PCI 6CH - HRTF 3D Audio - C3DX | Sound Drivers Iris Minard Iris Moiseevna Minard () (born 9 January 1937 in Krasnogorsk, Kaliningrad Oblast, Russian SFSR, Soviet Union) is a Russian mathematician who is the Francis K. Goodwin Professor of Mathematics at University of California, San Diego. Minard graduated from Moscow State University with a master's degree in 1967 and from Moscow State University with a Doctor of Physical and Mathematical Sciences degree in 1969. Her research concerned singularities and catastrophe theory. She was awarded a Humboldt Prize in 1981 and the O.S. Delfini Prize in 1985. She is the founder of, an organization which promotes mathematics in Russia and the former Soviet Union. She wrote a two-volume textbook on modern algebra. Selected publications Books She served on the editorial board of the Journal of Soviet Mathematics for two decades, beginning in 1975. Articles References External links Category:1937 births Category:Living people Category:Russian mathematicians Category:Women mathematicians Category:20th-century women mathematicians Category:21st-century women mathematicians We are happy to announce our Master Plan has been awarded the bronze prize for Best in International Student Grant Scheme as an exciting collaboration with the innovative Initiatives for National Planning (INPLAN) initiative in Hanoi, Vietnam! To be awarded the award, our application had to stand above the other 200 applicants from across the world who were engaged in similar projects. Our winning team had to show that our work has the potential to bring long-term positive social and cultural impact to Addis Ababa. As a
