The game places you in the Lands Between, an underwater land in the front line of the war between the Elden and the Dark Elves. In this world, underwater exploration has been going on for a while now. You enter this world as a chance of a bad guy. You and the other players will fight against the enemy and make the world better. This is an action RPG where you are a god who rises to power to become an Elden Lord. Adventure and fierce fights await you. PHILOSOPHY OF MAKING THE GAME: Right now, we're still working on the game, but our philosophy as a company is to maintain a fun game. In other words, we'd like to make a game where you can have a good time, so we keep the plans of the game flexible. However, one thing we have confirmed is that we will not develop a game just to earn money and, rather, maintain the quality of the game itself. We'll make the game fun with the customers' feedback. We want to bring you a good time where you can have a good time in the Elden Ring. INVESTIGATING THE DARK ELVES Now, we'll introduce about the Elden Ring and the player characters. The Elden Ring is a group that is composed of powerful lords. The first and last person of the lords of the Elden Ring is the creator of the Elden Ring, Rasrik. After the creator died, another powerful lord, Gegenring, became the head and he led the Elden Ring. Now, Rasrik has a child whose name is Tarnished. Rasrik has died, and this child is the successor of the Elden Ring. The player characters are heroes who join the Elden Ring and become lords of the Elden Ring. As you become the successor of the Elden Ring, you are given the ability to make monsters, monsters, and traps fall into the lands. ※ What is a monster, monster, and trap? A monster is a strong enemy that you fight with the weapon and armor you equip. A trap is a simple equip item, and it has the effect of casting magic. It is a support item that allows you to take the advantages of traps to fight. A monster is a strong enemy that you use the traps on and fight against. It is also called an 'Attribute Monster'. ※ What is an attribute? Attribute is a strong and
