Features Description Zroll is a game in which you adventure through an ancient temple to

stop the evil Zroll. Zroll is a classical triangle; there is a human, an animal and an object. The goal is to reach the end of each level (a common and multiple path), while keeping the object and the animal alive. You fight with your weapon, your ball. Each level has a leaderboard where players compete to become the best. Make your first step in an adventure that will enthrall you completely in the world of Zroll. It's a world full of mysterious monsters and secrets, and Zroll is in

the midst of them. He killed the King, which plunged the kingdom into darkness. Everything died, except the kingdom's secret. And it's become a den of monsters and evil. If you want to save your kingdom from destruction, follow the sign that has led you to Zroll's temple. The golden mask is a gift from the King and it will reveal the truth behind the events. Familiar creatures are waiting for you, to help you on your adventure. They will teach you to fight using only

your weapon and ball. Join Zroll on his bloody path of mysteries and adventure.

Zroll is waiting for you!
