Singham begins with Singam's (Ajay Devgn) half-brother Shivanna (Kareena Kapoor) running to her apartment in the middle of the night to give birth to her second daughter. The couple's landlord, Bajirao Gajjar (Manoj Pahwa), who is separated from his wife, mistakenly thinks Shivanna's pregnant wife is having an affair. He threatens her life if she leaves him, and demands that the couple call off the wedding they had planned for their eldest daughter, ignoring Gajjar's threats. Shivanna leaves her daughter in his care and tries to find work, but Bajirao has her fired from several jobs, including that of a dance bar girl. Following a failed attempt to bribe Gajjar, she decides to work as a cleaning woman at the home of the city council. She is taken in by the wealthy couple, brothers Anand (Saurabh Shukla) and Satish (Akshay Kumar). When Shivanna returns home from her first night on the job, they tell her that they are planning to marry her off to Satish for all their money, and are making her pregnant with their child. Shivanna angrily interrupts the wedding, demanding to be married to her love, Vicky (Sayaji Shinde), but the family insists that she cannot because she is not beautiful enough. Anand and Satish then lock her in the bathroom. In the meantime, Satish becomes obsessed with capturing Singham, believing him to be responsible for their sister's death; the brothers mock Shivanna for having failed to capture him. Anand and Satish, finding out that she knows everything about Singham, lock her and her new baby up in their basement. Their house catches fire, and they flee the city with her and their new baby. 5ec8ef588b
