The first in a three-disc box set of remastered albums and unreleased bonus tracks, which includes Yesterday,. The Milwaukee Bucks are sticking with their core after getting swept by the Atlanta Hawks in the first round of the playoffs. Larry Sanders is still an important piece to the Bucks' offensive flow as they prepare for the offseason. This is Larry Sanders's 10th season in the NBA and he'll be hitting free agency for the first time in his career. Since his rookie year in the NBA, Sanders has been stuck in a rotational role. That being said, the undersized power forward is the only player on the Bucks roster who can consistently win on the defensive end. In the playoffs, Sanders played out of position and was often caught on screens, allowing opponents to find open looks off of drives to the rim and mid-range jumpers. Sanders is not a lock to return to Milwaukee in the coming season. The Bucks will look to shed salary in the offseason and Sanders has the high cap hold. The Bucks have the assets to trade Sanders but will have a tricky decision to make. Trading a quality big man for another will require the Bucks to sacrifice cap space in order to send off a sizable return, which they likely won't want to do. Joe Murphy/Getty Images Even if the Bucks decide to continue to build around Sanders, they will need to determine how he should be utilized in order to maximize his value. Sanders is an excellent rebounder, averaging 16.8 per game. However, he has serious deficiencies as a playmaker and defender and is often the last player guarding the opposing team's best perimeter player. On offense, Sanders is extremely efficient when he's allowed to make his moves. He has the ability to slash through traffic and get to the rim without much resistance. His low post scoring ability also helped the Bucks to a 27-2 record when he was double
