Currently, I am looking at Youtubethanks in advance for the time you took to answer my question. I am looking into the possibilities of Live-streaming concerts, and have found this company called Jot Films. I am wondering if there is anyone here that might be interested in using Jot Films, and maybe even develop some videos with the services provided. I have already created a video with them in mind, and used some video footage from a past concert, but am not sure how much of a connection I can make with them. I am not sure if they are interested in broadcast companies, or interested in independent filmmakers. Hi Jot
