Did you know the flowers in your garden could help you live longer? So why not decorate your house with them? Placing a circular pattern of flower petals on all 4 sides of your house will extend the lifespan of your living space. New events occur during each season of the game year and the weather in your farm will change! Help your farmer plant, harvest, and sell your garden's produce to earn money to build more sturdy walls, prevent birds from damaging your crops, and chase away the pesky crows. Your village is now full of villagers who all seem to be hungry! They are constantly stealing your crops and your farmer will have to work hard to protect your farm and stop them! This zombie game for kids is an easy to play and entertaining mini game that will become addicting as you play more and more! Your goal is to keep your farmer alive until the end of the day. Prove to him/her that you are still a good friend! CHEATS! How to access hidden levels: -You have to get all of the "Birds!" by clicking the radar icon (you'll know where it is since you can see the radar screen.) -You can earn more coins by clicking the "Start Level" button! -You can get infinite coins by clicking the coins icon. -You can get a higher speed by clicking the icon in the middle of the speedometer! How to earn more keys: -Collect all of the gold pellets that appear in each level -Collect all the walnuts and get as many of the highest as possible! -Collect all of the apples by getting as many as possible -Collect all of the high scores by getting as many as possible! How to purchase the more advanced weapons: -You earn a fixed number of keys per level and you will have to unlock everything before you can obtain them. -To unlock the weapons you need to collect 30 birds and gather 25 apples in the level. -You get 5 gold pellets for each level! -Collect 2 apples and 2 walnuts for each price level! -Collect 15 apples and 15 walnuts for each reward! ### **Swooping Justice Storyline:**

This is the Chicago Crime lab. It's been 8 years since the incident that occurred in this lab. Now it appears that this laboratory will be attacked again.

Two doors lead to more labs. Number 0801 is the lab we are currently in. In this lab, they research all methods of detecting xeno-biology and experimenting with them. They are looking for a dangerous organism.

You are the designated agent who is replacing the data entry employee.

To stop this laboratory from being attacked, you will need to complete the laboratory in 8 days. To do so, you will need to collect keys from all levels.

Average Time:

25minutes per laboratory level.

Features:

- Game controls:
  - Single player - Arrow Keys
  - Multi player - Space Bar

The game has 3 different types of games. PUBG Mode (Free for all), Co-op Game (for 2-4 player) and a Normal Mode game. You play the Dungeon Version of the game. Also, the game is offline so there is no delay
